

44th IAH Congress – Groundwater Heritage and Sustainability

25 – 29th September, 2017, Dubrovnik

Dr.sc.Tamara Marković

President of Croatian National Chapter

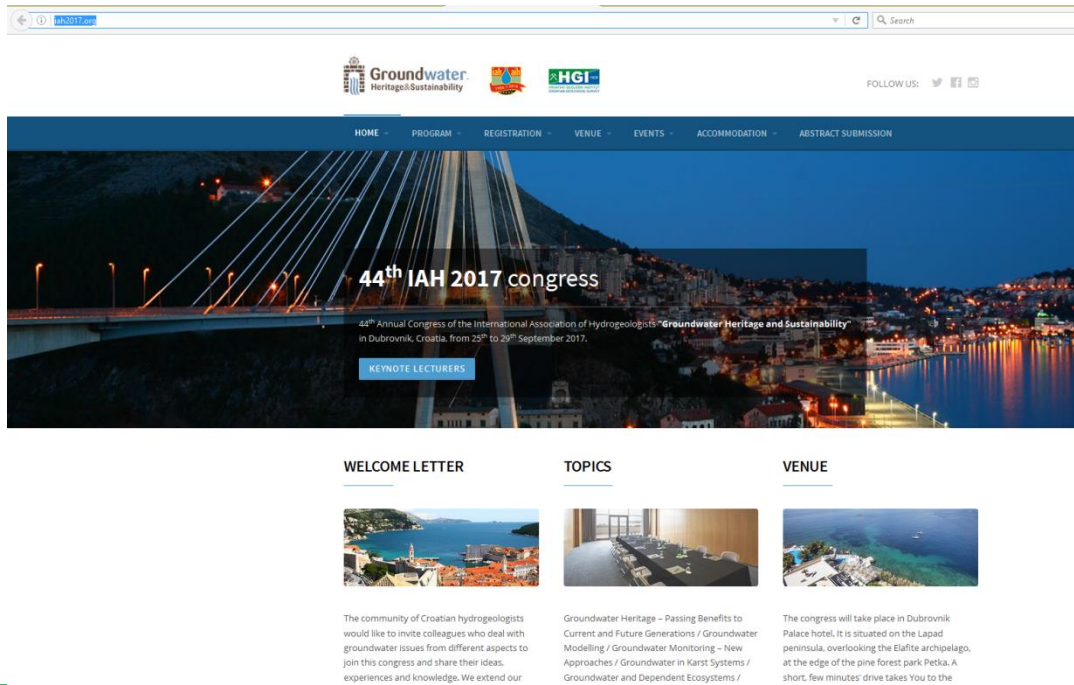

Croatian Geological Survey, Department of Hydrogeology and Engineering Geology

Milana Sachsa 2, Zagreb, Croatia

E-mail: tmarkovic@hgi-cgs.hr

Organizers:

- ❖ The Croatian National Chapter of the International Association of Hydrogeologists
- ❖ Croatian Geological Survey (CGS)
- ❖ Web page <http://iah2017.org/>

The screenshot shows the website for the 44th IAH 2017 congress. The header includes logos for Groundwater Heritage & Sustainability, IAH, and HGI. The main navigation menu lists: HOME, PROGRAM, REGISTRATION, VENUE, EVENTS, ACCOMMODATION, and ABSTRACT SUBMISSION. The main banner features a night view of a cable-stayed bridge over a city, with the text "44th IAH 2017 congress" and "44th Annual Congress of the International Association of Hydrogeologists 'Groundwater Heritage and Sustainability' in Dubrovnik, Croatia, from 25th to 29th September 2017." Below the banner are three columns: "WELCOME LETTER" with a photo of Dubrovnik, "TOPICS" with a photo of a conference room, and "VENUE" with a photo of the Lapad Peninsula. Each column contains a short introductory paragraph.

Robin Hood Origins to be filmed in 2017 in Dubrovnik

Robin Hood with Jamie Foxx to be filmed in Dubrovnik

By The Dubrovnik Times | Jul 13, 2016 | [Print](#) | [Email](#)

The largest ever film production in Croatian history is set to be filmed in Dubrovnik in 2017 "Robin Hood: Origins." Produced by Leonardo DiCaprio and starring a handful of Oscar winners the production of the blockbuster is expected to be filmed in January and February next year, according to an announcement made today by the Mayor of Dubrovnik, Andro Vlahusic. The mayor stated that "four or five Oscar winners will act in the film," which will be produced by Lionsgate Films.

DiCaprio is the executive producer and Oscar winner Jamie Foxx, according to reports, will play Little John. Robin Hood will be played by Welsh actor Taron Egerton, famous for his role in Kingsman: The Secret Service and Maid Marion will be

Topics:

1. Groundwater Heritage – Passing Benefits to Current and Future Generations
2. Groundwater Modelling
3. Groundwater Monitoring – New Approaches
4. Groundwater in Karst Systems
5. Groundwater and Dependent Ecosystems
6. Hydropower and Geothermal Energy
7. Sustainable Management of Groundwater Resources
8. Mineral Waters and Human Health
9. Island and Coastal Hydrogeology

Preliminary agenda:

Pre congress trips starting from 18.09.2017. or day or two later depending which one you will chose

Three options:

1. **ESSENTIAL ADRIATIC (Dubrovnik – Trogir – Split – Zadar - Zagreb), 5 days – 4 nights**
2. **SHORT TOUR OF CROATIA, BOSNA AND HERZEGOVINA AND SERBIA, 8 days – 7 nights**
3. **BALKAN CAPITALS (Sarajevo, Belgrade and Zagreb) – 6 days - 5 nights**

Workshops:

Three workshops:

1. Groundwater Remediation: From Hydrogeologic Site Concepts to Applied Numeric Models

Date: 23rd- 24th September, 2017

Schedules: 9:00 – 17:00

Minimum and maximum number of participants: 15/30

Price: 250 EUR/ students 150 EUR (includes lunches and refreshments during breaks)

Instructors: Neven Kresic and Alex Mikszewski, Amec Foster Wheeler, USA

All attendees should bring their own laptop computer

2. Water Resources Management and Engineering Challenges in Karst Aquifers

Date: 23rd- 24th September, 2017

Schedules: 9:00 – 17:00

Minimum and maximum number of participants: 15/45

Price: 250EUR/ students 150EUR (includes lunches and refreshments during breaks)

Instructors: Zoran Stevanović, Petar Milanović and Saša Milanović, Centre for Karst Hydrogeology, University of Belgrade / National Committee of IAH for Serbia

Workshops:

3. Planning and interpreting tracer experiments in porous media

Date: 24th September, 2017

Schedules: 9:00 – 17:00

Minimum and maximum number of participants: 15/45

Price: 80 EUR (includes lunches and refreshments during breaks)

Instructors: Piotr Maloszewski, Helmholtz Zentrum Munchen, Germany,
Kristijan Posavec, University of Zagreb, Croatia

Mid excursions:

- **Ombla – Robinzon – HE Dubrovnik – Konavle**

Mid excursions:

- Prud – Narona – Baćinska jezera

Mid excursions:

- Zaton – Vjetrenica – Ston

Mid excursions:

- **Mljet – elafiti**

Mid excursions:

- Arboretum – Trsteno – Slano

Registration fees include: ice break party, lunches, coffee breaks (morning and afternoon), mid excursion, gala dinner, congress kit, abstract book on USB
